AIB COLLEGE OF BUSINESS 2009-2010 GRADUATE REPORT

To watch and listen to a presentation highlighting the AIB Graduate Report, click here

Each year, AIB Career Services surveys graduates to determine their status with regard to employment and/or education. Graduates were surveyed at the completion of their education and again in mid-fall. Information was gathered via the graduation petition, in-person, email, and phone surveys, as well as faculty and staff.

Data was collected on 358 associate and bachelor graduates who completed their degrees during the period of August 2009 through May 2010. All but one graduate responded, yielding a response rate of 99.7% for the survey results. This report, known as first-destination, summarizes activity within the first year of graduation.

WHAT ARE AIB GRADUATES DOING?
